Company General Information

About

Nine Six One aims to be a leading company carrying out Electro - Mechanical activities in the regional market through alliances with strong reputable business partners.

Upholding honesty, integrity, professionalism and a high level of business ethics and depending on its engineering expertise, technical teams & management, Nine Six One is committed to providing professional & reliable solutions to its clients.

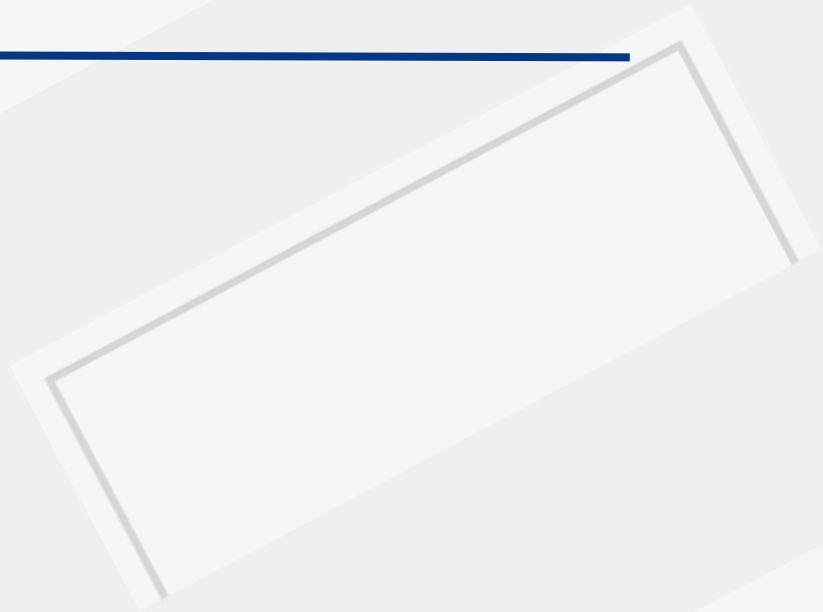

Nine Six One believes that success is accomplished through engaging efficiently, responsibly and profitably in design, supply, installation, operation, handing over and maintenance of Electro - Mechanical systems.

Scope of Work

- Drainage & Plumbing Systems
- Heating, Ventilation, and Air-Conditioning Systems (VRV, Boilers, Chillers, AHUs, FCUs, Central Air-Conditioning)
- Hydronic, Solar & Floor Heating Systems
- Pumping Stations & Mechanical Rooms
- Infrastructure & Outside Utilities (Water Supply, Sewage & Rain Water Networks, Fire Fighting)
- Wet Sprinkler Fire Suppression Systems
- Water Mist and Foam Fire Protection Systems
- Industrial Kitchens
- Cold Stores & Deep Freezers
- Fuel Oil Systems
- Compressed Air Systems
- Sewage Treatment, Water Filtration, Purification & Softening
- Building Management Systems (BMS)
- Operation Maintenance Manuals
- Preventive & Corrective Maintenance
- Power & Lighting Systems
- Solar Photovoltaic (PV) power plants
- CCTV, SMATV Systems, Data & Telephone Systems
- Fire Alarm Systems
- Public Address & Voice Evacuation Systems
- Access Control Systems
- Electrical Panel Boards
- Grounding & Surge Protection Systems
- Testing, Balancing & Commissioning of all above Systems

Projects In Progress

FOUR POINTS by SHERATON HOTEL

Type & Location: HOTEL (120 Rooms) – Monrovia, Liberia

Client: Mr. Joseph Barbar & Mr. Samir Kashoua

Project Management: Metre-Carre Consultants - Lebanon

Hospitality Management: ALEPH HOSPITALITY - Dubai

Interior Design Consultant: SUMMIT INTERIOR DESIGN (sid) – Kingdom of Bahrain

MEP Consultant: DESIGN ENGINEERING PARTNERS (DEP) - Lebanon

Main Contractor: SIGMA GROUP INC. - Liberia

Contract Value: Electro-Mechanical Work: \$9.5 M

Scope Of Work: Supply & Installation of MEP Systems:

- Chilled Water Air-Conditioning System (Chillers, AHUs, FCUs)
- Central 100% Fresh, Double Skin Air Handling Units Station
- Precision AC Units & DX AC System
- Ventilation System & Pressurization Systems
- Sewage & Rain Water Networks
- Irrigation, Treated & Domestic Water Supply Systems
- Swimming Pool & Water Treatment/Filtration Plant
- Wet Sprinkler & Hood Fire Suppression Systems
- Water Mist & Foam Fire Systems
- Steam Boilers & Laundry
- Building Management System (BMS)
- Power & Lighting Systems
- Transformer & Medium Voltage
- UPS & Central Battery Systems
- Fire Alarm System
- CCTV, Audio Visual (A/V), Data & Communication Systems
- Lightning & Surge Protection Systems
- Electronic Access Control System
- Generators Central Plant

ECOMED HOSPITAL

Type & Location: HOSPITAL (Prefab Construction) – Free Town, Sierra Leone

Client: ECOMED

General Consultant: DUTCH HEALTH - NetherLands

Scope Of Work: Design of Architectural, Structural & MEP Systems:

- Design Layouts, Calculation Notes, Bill of Quantities

PETRO TRADE HEADQUARTER

Type & Location: Offices Building – Monrovia, Liberia

Client: PETRO TRADE PETROLEUM

Contract Value: Electro-Mechanical Work: \$260,000

Scope Of Work: Design & Build (Supply & Installation) of MEP Systems:

- Ducted Concealed Air-Conditioning System
- Ventilation System
- Sewage & Rain Water Networks
- Fire Fighting System (Fire Pumps, Fire Hose Cabinets & Siamese Connection)

GREEN HUB / AFRICA

Type & Location: Coffee Shop & Offices Center – Monrovia, Liberia

Client: URBIA L.L.C.

Design & Consultancy: ZEIN ENGINEERING Consultants – Lebanon

Main Contractor: URBIA L.L.C.

Scope Of Work: Supply & Installation of the MEP Systems:

- Air-Conditioning System
- Ventilation System
- Storm & Sewage Drainage Water Network
- Filtration Plant & Water Supply System
- Solar System for Hot Water

JOLINE BEAUTY & SPA

- Type & Location:** Beauty & Spa Center – Monrovia, Liberia
- Client:** LIBERTY INVESTMENT LTD
- Interior Design:** Metre-Carre Consultants – Lebanon
- Main Contractor:** LIBERTY INVESTMENT LTD
- Scope Of Work:** Design & Build (Supply & Installation) of MEP Systems:
- Ducted Concealed Air-Conditioning System
 - Ventilation System
 - Sewage Drainage Water Network
 - Water Supply System

MARSHALL RESIDENTIAL VILLA

- Type & Location:** Luxurious Villa on Beach – Monrovia, Liberia
- Client:** Mr. & Mrs. Cummings
- Consultant:** PAN AFRICAN CONSULTANT - Liberia
- Main Contractor:** SIGMA GROUP INC. - Liberia
- Contract Value:** Electro-Mechanical Work: \$1 M
- Scope Of Work:** Design & Build (Supply & Installation) of the MEP Systems:
- Ducted Concealed Air-Conditioning System
 - Ventilation System
 - Sewage & Rain Water Networks
 - Irrigation, Treated & Domestic Water Supply Systems
 - Swimming Pool & Water Treatment/Filtration Plant
 - Power & Lighting Systems
 - UPS System
 - Fire Alarm System
 - CCTV, Audio Visual (A/V), Data & Communication Systems
 - Lightning & Surge Protection Systems
 - Generators Central Plant

GRAFTON DRINKING WATER FACTORY

Type & Location: Drinking Water Filtration & Bottling Line, Residential Building for Labor Accommodation – Free Town, Sierra Leone

Client: LIBERTY INVESTMENT LTD

Consultant: KHS – Germany

Main Contractor: LIBERTY INVESTMENT LTD

Scope Of Work: Design & Build (Supply & Installation) MEP Systems:

- Central Air-Conditioning System
- Ventilation System
- Infrastructure Storm Water & Drainage Water Network
- Pump Rooms & Pumping Station
- Fuel Piping Network for Generators
- Compressed Air Piping
- Hot Air Exhaust Double Skin Stainless Steel Chimneys
- Fire Fighting (Fire Hose) System

AQUALIFE DRINKING WATER FACTORY (Phase 2)

Type & Location: Drinking Water Filtration & Bottling – Monrovia, Liberia

Client: LIBERTY INVESTMENT LTD

Consultant: KHS – Germany

Main Contractor: LIBERTY INVESTMENT LTD

Scope Of Work: Design & Build (Supply & Installation) of the MEP Systems:

- Central Air-Conditioning System
- Ventilation System
- Drainage Water Network
- Pump Room
- Fuel Piping Network for Generators
- Compressed Air Piping
- Hot Air Exhaust Double Skin Stainless Steel Chimneys
- Fire Fighting (Fire Hose) System

Executed Projects Highlights

CAMP LEMONIER FACILITIES UPGRADE, P225 GALLEY

Type & Location: LEED SILVER Rated Dining Facility (570 Person) – Camp Lemonier, Djibouti

Client: NAVAL FACILITIES ENGINEERING COMMAND (US Navy)

General Consultant: URS – IAP (J.V)

Main Contractor TRILLIUM HOLDING – MERCURY DEVELOPMENT

Handover Date: April, 2012

Contract Value: Electro-Mechanical Works \$3 M

Project Description: Besides being a very high tech & sophisticated project, this LEED Silver rated facility is unique and special for the US NAVY as it is the proto-type for 7 other typical facilities to be executed in the US NAVY camps all around the world. The Consultant, URS is among the top design firms in the world, ranked #2 overall & has been in the top 3 for more than a decade (www.urscorp.com). The main contractor is a leading real estate construction company in the Middle East & Africa.

Scope Of Work: Supply & Installation of MEP Systems:

- Chilled Water Air-Conditioning System (Chillers, AHUs, FCUs)
- Fully Controllable VAV type Ductworks System
- Ventilation Systems & Kitchen Hoods
- Infrastructure & Outside Utilities for Fire & Water Supply
- Vent, Sewage & Rain Water Networks
- Treated & Domestic Water Supply Systems
- Solar System for hot water with HWST (Buffer Tanks) & Heat Dissipation
- Wet Sprinkler & Hood Fire Suppression Systems and Fire Hydrants
- Treatment Plant for the Make-Up water system for Heating & Chilled water networks
- Water Mist & Foam Fire Systems
- Mechanical Room & Pump House
- Building Management System (BMS)

Central Bank of Lebanon, Block E Bldg.

- Type & Location:** Offices Building – Beirut, Lebanon
- Client:** Central Bank of Lebanon
- General Consultant:** ENGINEERED SYSTEMS INTERNATIONAL (E.S.I) - Lebanon
- Project Management:** ENGINEERED SYSTEMS INTERNATIONAL (E.S.I) - Lebanon
- MEP Consultant:** M.J. AZZI & PARTNERS SAL - Lebanon
- Main Contractor:** DANASH CONTRACTING & TRADING
- Handover Date:** October, 2012
- Contract Value:** Mechanical Work \$1.87 M
- Scope Of Work:** Supply & Installation of MEP Systems:
- Chilled Water Air-Conditioning System (Chillers, AHUs, FCUs)
 - Ventilation System & Pressurization Systems
 - Sewage & Rain Water Networks
 - Treated & Domestic Water Supply Systems
 - Wet Sprinkler Fire Suppression Systems
 - Water Mist & Foam Fire Systems
 - Pump Rooms
 - Building Management System (BMS)

UNESCO 4191 RESIDENTIAL Bldg.

- Type & Location:** Residential Building of 2 Blocks (25 Apts. with 2 Basements) – Beirut, Lebanon
- Client:** GENERAL ENGINEERING & CONTRACTING Co.
- Main Contractor:** GENERAL ENGINEERING & CONTRACTING Co.
- Handover Date:** May, 2017
- Contract Value:** Mechanical Work: \$1.3 M
- Scope Of Work:** Design & Build (Supply & Installation) of MEP Systems:
- LG MULTI V5, VRV Central Air-Conditioning System
 - Ventilation System
 - Sewage & Rain Water Networks
 - Domestic Water Supply Systems

Solar Photovoltaic (PV) POWER PLANT

Type & Location: Electric Power Plant for Pumping Station of Domestic Water distribution network for the use of ANDAKET village, provided by the client as a Donation to the Municipality – Akkar, Lebanon

Client: Mr. TANI HANNA

Handover Date: June, 2023

Contract Value: \$80,000 \$

Scope Of Work: Design & Build (Supply & Installation) of MEP Systems:

- Solar Photovoltaic (PV) system with all required panels
- (80 KW)
- Steel Structure along with required Concrete Works
- Grounding System
- Stand-by Generator
- CCTV Surveillance System for the site with flood lights

CSD FACTORY

Type & Location: Soft Drinks Bottling Line for AMERICAN COLA brand – Monrovia, Liberia

Client: LIBERTY INVESTMENT LTD

Consultant: KHS – Germany

Main Contractor: LIBERTY INVESTMENT LTD

Handover Date: November, 2022

Contract Value: Mechanical Work: \$250,000

Scope Of Work: Design & Build (Supply & Installation) of the MEP Systems:

- Central Air-Conditioning System
- Ventilation System
- Drainage Water Network
- Pump Room
- Fuel Piping Network for Generators
- Compressed Air Piping
- Hot Air Exhaust Double Skin Stainless Steel Chimneys
- Fire Fighting (Fire Hose) System

AL RAHI RESIDENTIAL VILLA

Type & Location: Luxurious Residential Villa (Over 4,000 Sqm) – Tyr, Lebanon

Client: Mr. Adnan Al Rahi

General Consultant: RONY FATTE ARCHITECTS - Lebanon

Handover Date: September, 2021

Contract Value: Electro-Mechanical Work \$960,000 \$

Scope Of Work: Supply & Installation of MEP Systems:

- DAIKIN VRV Central Air-Conditioning System
- Ventilation System
- Irrigation System
- Floor Heating System
- Sewage & Rain Water Networks
- Treated & Domestic Water Supply Systems
- Boiler, Mechanical & Pump Rooms
- Fuel Piping Network for Generators
- EIB System
- Power & Lighting Systems
- UPS System
- Fire Alarm System
- CCTV, Audio Visual (A/V), Data & Communication Systems
- Lightning & Surge Protection Systems
- Generators Central Plant

NEW TV STUDIOS

Type & Location: TV Shows Studio Location for AL JADEED TV – Jadra, Lebanon

Client: KHAYYAT & NASSIF ENGINEERING sal

General Consultant: KAMAL SEYOUFI OFFICE – Lebanon

Main Contractor: KHAYYAT & NASSIF ENGINEERING sal

Handover Date: June, 2007

Contract Value: Electro-Mechanical Work: \$190,000

Scope Of Work: Design & Build (Supply & Installation) of MEP Systems:

- Central Packaged Air-Conditioning System with Ventilation & Ductwork

TH – ANDAKET COMMERCIAL Bldg.

Type & Location: Landmark Commercial Center & Roof Club Lounge – Akkar, Lebanon

Client: Mr. TANI HANNA

General Consultant NIZAR SABBAGH ARCHITECTS - Lebanon

Handover Date: May, 2021

Contract Value: Electro-Mechanical Work: \$600,000

Scope Of Work: Supply & Installation of MEP Systems:

- Central Air-Conditioning System (Decorative Exposed Ducts)
- Ventilation System
- Sewage & Rain Water Networks
- Irrigation & Domestic Water Supply Systems

Letters of Recommendation

21 August 2023

REF 20230821/001

To Whom It May Concern,

I am pleased to write this letter of recommendation for NINE SIX ONE Engineering & Trading company.

I worked closely with their team on three projects, starting with Sand Dollar Residential Project in 2017, followed by renovation of apartments at Sea Suites Complex in 2018, and finally, the renovation of Mitchell's building in 2019.

I have been consistently impressed by their professionalism, technical expertise, and dedication to delivering high-quality results. NINE SIX ONE demonstrates a remarkable ability to effectively manage complex mechanical and plumbing systems. Their attention to detail, innovative problem-solving skills, and commitment to meeting deadlines make them a valuable partner in any construction project. Their team's collaborative approach and clear communication ensure smooth coordination with other stakeholders, resulting in successful project outcomes. As a reliable choice for delivering top-notch services, I wholeheartedly recommend NINE SIX ONE for any MEP contracting needs.

Sincerely,

Rabih Kashouh

To Whom It May Concern,

I have had the pleasure of working with Nine-Six-One Engineering & Trading SARL on multiple projects spanning residential, commercial, hospitality, and industrial sectors over the past few years. Their versatile expertise and commitment to excellence have consistently impressed me. From initial proposals to on-site execution, their team showcases a profound understanding of the construction industry and exhibits a high level of professionalism.

I have no doubt that Nine-Six-One Engineering & Trading SARL would be an asset to any construction team. They are a reliable and trustworthy company that can deliver high-quality results on time and within budget.

Sincerely,

Testimonials

“Working with Eng. Ahmed Karajah has been a real pleasure. Throughout the projects we have developed together, Eng. Karajah has shown a very high standard of professionalism and remarkable attention to detail.”

Bachir Nader, Interior Architect

“The team of 961 E&T together with the management provided noteworthy service, maintenance and high quality execution of mechanical works throughout every experience we had with them in several projects. Their enthusiastic spirits and commitment to success have majorly contributed to the success of our projects. Thus, our relationship with them went beyond contracting to consulting regarding mechanical works. They eliminated our need to establish a mechanical department inside our company.”

Nazih Hilal, President of General Engineering Contracting Company

“Throughout our experience with 961 E&T in the past three years, they showed a high level of professionalism and commitment to their work. The team and management met our expectations and exceeded them at some points in finding remarkable solutions to every problem that faced them, and thus our faith in their capabilities is stronger with every experience.”

Antoine Mouawad, Managing Partner at BMC Construction

“We had a great pleasure to collaborate with 961 team in accomplishing a luxurious apartment in Ashrafieh. They proved to be very helpful and professional; we mean the engineers in the office and the ones in charge on site. They were always available to resolve all problems and modifications. Thank you all.”
